

HIGH PERFORMANCE SOLUTIONS FOR YOUR EDM MACHINES

WELCOME TO ANKOK

ANKOK is a specialist provider of EDM filter, molybdenum wire and other related EDM supplies. Quality, Service and Efficiency make ANKOK a distinguished development partner and original equipment supplier to the international EDM and mould industries.

Also the ANKOK COMPANY is a global procurement and manufacture company with its headquarters in Suzhou, China. ANKOK has more than 200 business partners worldwide at more than 18 locations. ANKOK produces and sells technically complex components for the EDM industry and many other fields. A key area is high quality filtration products for EDM machines. The OEM business with global market leaders and producers of EDM machines defines the quality and performance of the products. Filters for the international aftermarket are sold under a variety of international brands as well as under the ANKOK-FILTER brand.
